BUTLER SUPPORTED BY GREENBACKERS. UNANIMOUSLY NOMINATED BY THE STATE CONVEN-TION-A STORMY SCENE-DECLARATION OF

PRINCIPLES. Boston, Sept. 25 .- The State Committee of the Greenbackers met at 10 a.m. to-day to decide on a permanent organization. Mr. Moody Roynton was present and claimed the right to not because he was a member of the National Committee. At first he was refused, but finally was allowed to speak, which he did vigorously to the market are that the convention and for ten minutes, asserting that the convention to-day was not a Greenback Convention, but a scheme to aid the Democratic party.

The convention met at 11 a.m. Levi R. Pierce, Lynn, was chosen president, and Gustavus B. Hutchins, of Boston, secretary. P. P. Field, who had been chosen temporary chairman, made a short address in which he warmly eulogized Governor Butler, which was received with great enthusiasm.

A STORMY DEBATE.

A sharp debate ensued over the report of the Commit-tee on Credentials, a number of the delegates objecting to the admission of Dr. J. P. Bland, who was present as a delegate from Athol. Dr. Bland is a sympathizer with Moody Boyaton and the author of the Life of General Butler. Excited speeches were made, and all was confusion until Dr. Bland was excluded by an almost

unanimous vote.

In the luli after the vote Dr. Bland attempted to speak, but the Chair declined to recognize him. Strong ections were made by the delegates to his speaking, and be finally sat down. Mr. Armstrong, of Maideu vigorously denounced Dr. Bland, and said that if he was a true Greenbacker he would withdraw. The Conven-tion's approval was manifested in a g neral uproar. A motion was made that Dr. Bland be given ten minutes at the leisure of the Convention, to explain himself. A dezen delegates tried to get the floor and many others shouled "Question" at the top of their voices. Mr. Davis, of Gloucester, screamed, "Mr. Chairman, five minutes," but the Chair would not recognize him. The utmost confusion prevailed, the members shouting "Sit down," "Police," etc. Mr. Liteaman, of Marbiehead, said that this Convention would be painted by the opposition press in unprecedentedly vivid colors. "Let 'em paint," shouted the delegates. A har was then passed around, and \$33 18 was collected.

A delegate moved that General Butler be nominated by acclamation. He was not, however, recognized. Mr. Litchman moved that the present State Committee be empowered to act with the next convention. Without putting this motion, Butler's nomination was renewed and carried unanimously with great enthusiasm. THE PARTY PLATFORM.

Resolutions were then read. The preamble denounced both the Republican and Democratic parties, especially the former. The platform demands a repeal of all class laws; no subsidies for corporations; equal politica rights for men and women; election of all public officials, as far as practicable, by a direct vote of the people; a as far as practicable, by a direct vote of the people; a graduated income tax and taxation on all other property at an equal ratio; no more refunding of the public deut in such a manner that it cannot be paid when the Government has money to pay it; the discontinuance of the hoarding policy; the demonstization of gold and silver as domestic currency; and the reissue in its sical of full legal-tender paper currency; the withdra wai of the power of issue from national banks; the removal of the "tariff moustrosity"; that prison informable of the "tariff moustrosity"; that prison informable shall be tree to all; larger appropriations for common schools; shorter hours of inbor, and the regulation of inter-state commerce by Congress so that middlemen cannot raise prious; the promition of the employment of children under fourteen years in mines and workshops, and equal pay for equal work for men and workshops, and equal pay for equal work for men and women. The platform closes with an extreme culegy of Governor Butler.

overnor Butler.

Great applianse followed the reading and the resolulons were adopted. Delegate Elaer, of Springheid,
rithdrew because Governor Butler was nominated. The
smainger of the ticket nominated was as follows: THE TICKET COMPLETED.

Lieutenant-Governor, John Howes, of Worcester; Secretary of State, Nicholas Furlong, of Boston; Attorney-General, George Foster, of Lynn ; Treasurer, Wilbur Whitney, of Ashburuham; Auditor, A. H. Wood, of

Objection was made that Mr. Foster was not a lawyer. Objection was made that Mr. Foster was not a lawyre, but a delegate said that in Butler they had all the law uecessary and it made no matter who was Attorney-General. The ticket was adopted unanimously. The Blate Committee was authorized to fill any vacancies by weitsknown Greenbackers.

Speeches were made by Dr. Charles E. Keyser, of Philadelpilia; John M. Devine and Charles H. Litchsman, after which the convention adjourned.

GREENBACKERS OPPOSED TO BUTLER. A supplementary call for a National Greenback Convention to be held at Worcester, Mass., October 16, will be signed by all the candidates for Lieutenant-Governor of the Greenback party since 1878, including Mr. Arnold who received 108,000 votes on Governor Butler's ticket of 1878, the chairman of the new committee, pesides of 1878, the chairman of the new committee, needed other members of the State Committee and other prominent workers of the party. Mr. Howes, who was unanimously nominated by the Convention to-day for Lieutenant-Governor, has declined, and signed the call for the convention to be held at Worcester.

At the meeting of the Executive Committee this evening the declination of Mr. Howes was accepted and Nathaniel 8. Cushing, of Middle-borough, was substituted as the candidate for Lieutenant-Governor. The State Committee was re-elected with a few changes and one member was added to the Executive Committee.

THE REPUBLICAN STATE COMMITTEE.

CANDIDATES FOR CHAIRMAN AND OTHER OFFICES-WHAT THE MEMBERS SAY.

The Republican State Committee will meet at noon to-day in the Fifth Avenue Hotel and elect a chairman, a treasurer, secretaries and executive com mittee, and agree upon campaign headquarters. The new committee chosen last week at Richfield Springs is

Only a few of the out-of-town members had arrived last evening. These included Captain Chest-r S. Cole, Carroll E. Smith, E. M. Johnson, B. Piatt Carpenter and General George H. Sharpe. Little was known of the probabilities of to-day's meeting. Captain Cole, General sharpe and Senator Holmes are mentioned for the chairmanship, with the indications last evening in favor of Captain Cole. In case of his election eliner Senator Holmes or General Sharps may be chosen chairman of the Executive Committee. E. M. Johnson and J. W. Vrooman will probably be chosen secretaries. All the members who were in the city last evening bore testi-

members who were in the city last evening bore testimony to the improved condition of things politically as compared with even a few weeks ago.

"Omodaga County is in excellent shape," said Carroll E. Smith. "We shall give the State ticket an old-fashioned Republican majority and elect a clean Republican delegation to the Legislature. The hopothicans were never more mitted and the Democrats more hopeleasly split up than at the present time."

Captain to die said: "Steuben County is all right. There is no ill-feeling of any kind among Republicans. All will work together harmonhously this fail. It is the general belief that with proper effort the State ticket can be elected and the Legislature redeemed."

E. M. Johnson said: "There is the same good feeling in Otaego County and vicinity as is to be found elsewhere in the State. The party is nore unlied than it has been for years, and only good results can follow."

"Dutchess County," B. Platt Carpenter said, "can be depended on to give a good Republican majority this fail."

BROOKLYN YOUNG REPUBLICANS.

DEFINING THEIR PRINCIPLES ANEW-WHAT THEY

DEMAND IN CANDIDATES. About 300 Young Republicans, of Brooklyn, ome of them with gray beads, met last even Music Hall to consider a com from the Executive and Advisory mittees of the Young Republican Club of the city.
president of the club, W. H. Nichols, was chair. He made a brief speech and sen read an address and resolutious presented by the utive and Advisory Committees. The address ats forth the club's adherence to the principle of local of government for Brooklyn through a single headthe Mayor-and says that this is still the vital issue in that city; commends the Republican City Convention of 1882 for its explicit declaration that "questions of ractical administration of municipal business," declares that until all political organizations presenting candi-ates for city offices publicly adopt a similar platform

That it will support no candidate for the position of Aiderman who is not in thorough accord with the foregoing view of municipal policy. The club hereby declares its preference that the nominees selected for such positions be business men of known capacity and interrity.

That it will support no candidate for Senator, or Assembly, who will not openly and annits taskiby plodge himself that while in the Leelslature he will defend against attack and actively promote the principle of Home Rule for Brooklyn; and it expects Brooklyn's representatives to favor for our sister city of New-York—whatever may be the immediate party effects—the same measure of municipal self-government that Brooklyn demands for herself.

That in the opinion of this club early nominations are virtually important to enable voters to ascertain the character, capacity and antecedents of candidates, and so to use the right and privileges of the ballot with all the Knowledge and discretion so high a trust as the ballot demands.

FRAUDULENT LAND ENTRIES. IMPORTANT DISCOVERIES BY AGENTS OF THE INTERIOR DEPARTMENT. BY TELEGRAPH TO THE THIBUNE!

Washington, Sept. 25 .- During the past summer the Commissioner of the General Land Office has had in the States and Territories where there are large quantities of unsold public lands a large force of special agents, engaged in the detection and investiga-tion of fraudulent entries under the Pre-emption, Homestead and Timber Culture acts. The reports of these agents reveal such a condition of affairs that in all probability the Secretary of the Interior in his annual report will recommend the repeal, not only of the Pre emption laws, but of the Timber Culture act also.

Among the considerations which, it is believed, will be urged in favor of repeal, are first, that practically the actual settler can get a title to his farm as soon under the Homestead net as under the Pre-emption law—and that there is no need of two methods to attain the same object; s-cond, that while the three laws remain a settler may take advantage of each and acquire a title to 450 acres of public land by paying cash for 160 acres and taking the romainder under the Homestead and Timber Culture acts—a quantity which, it is suggested, is greater than the settler should be permitted to obtain on such easy terms, in the present condition of affairs; third, that both the Pre-emption and the Timber Culture laws offer a premium to dishonesty, as is clearly shown by the great number of fraudulent entries which have been detected. actual settler can get a title to his farm as soon under

THE SYRACUSE PUBLIC BUILDING.

BY TELEGRAPH TO THE TRIBUNE. Washington, Sept. 25. - Representative Hiscock was at the Treasury Department recently and urged that spendy action be taken in regard to the public building at Syracuse. The site has been obtained, but the plans for the building and the advertisements for materials, etc., have been delayed by the investigation of the Supervising Architect's office. Mr. Hiscock re-ceived assurances that the work will be begun and car-ried ferward as rapidly as practicable.

NAVAL INTELLIGENCE.

Washington, Sept. 25 .- Lieutenant J. C. Cresap has been detached from the experimental battery and ordered to the Naval Academy; Lieutenant Heary Merrill has been detached from the speedwell and ordered to the Alert; Lieutenaut E. H. Gheen has been

ordered to the Naval Academy.

Commander Reed, commanding the Alliance, reports to the Navy Department nader date of Halifax, N. S., September 18, that the mission of that vessel, so far as communication with American fisher on in the Guif of St. Lawrence is concerned, has not been a success. Although the Alliance visited eleven ports and saled entirely around the Guif with the exception of the north shore, she tound only four fishing vessers from the United States, and none of these headed protection, as there had been no interference with their fishing and they had all the privileges of the native dishermen. The Alliance is bound for New-York, and is expected to reach that port by October 15. munication with American fisher on in the Gulf of

FIFTY-NINE HORSES RUN.

EIGHT RACES AT SHEEPSHEAD BAY. SOME UNEXPECTED RESULTS-DRAKE CARTER BEATEN.

If there was ever an owner in Eagland or America who made more bad bargains in buy ag racehorses in training than Pierre Lorillard has made, ther s no record of his existence. Duke of Magenta, Falsetto Mistake, Walienstein, Aranza, Pinafore and many thore cost him big sums and brought him back little. But as matters now look Drake Carter at \$17,500 was his worst investment. He is a gelding and not worth a cent if he cannot win races, and his ability in that line has suffered a very serious disappearance. It is true be has never een in proper condition since he won the Omnibus Stakes. But will be ever be? Yesterday he was beaten easily by Referce. Trombone and Reel-and-Toe. If he had been put up at auction after that race he would not have brought \$2,000.

The eight races, begun at 1 o'clock, were run off before 6. and proved fairly interesting to the large number present. The inner half of the track was middy, but the wind had dried the rest. There was some quee work in the first race, which was won by King Fan. His amiable owner biasphemed with vigor because the bliding on the colt was brisk. Kelly's Bella won the second race, thanks to Fisher's fine riding. Her booknaking owner won heavily on this race and also on the sixth, when he ravaged the bank account of the meck and lowly David Johnson in a merciless way. Mr. Johnson had unbounded confidence in his horse Jack of Hearts, but hearts were not trumps, and Brighton Beact took the trick with the deuce of clubs in the shape of

Aranza coes like a rifle ball when her capticious tem per is not crossed, and the 100 pounds race fell to her shot, much to the grief of "Billy" Denonue, former pariner of the "Plunger," and owner and rider of

Strathspey. Decoy Duck, a long, tall, powerful daughter of Longfellow and Call Duck, ran her first race in the Great Eastern Handleap last Thursday, won by Dutch Roller. She was backed for a large amount on the strength of fast trials, but was left at the post. Yesterday with the top weight she ran away from a fair lot in a way that to william L. Scott's colt Greystone, but he displayed none of the agility so characteristic of his owner's political guide, philosopher and friend. Possibly, however, Greystone may resemble that i lend in showing his best speed up and down staffways. But Mr. Scott captured the next race, when Drake Carter falled and Egicree succeeded.

captured the next race, when Drake Carter failed and Reieree succeeded.

Rarney Aaron convulsed the sixth race as if he were an Ischian earthquake, and a great many people have not yet got over the shock. Edwin A. outran antique and honorable Dan K. in the second selling race. It will soon be time for Daniel K. to return to his sieep among the fessil fragments of the tertiary perfor from which he was ruthlessly exhimed. Every one thought that Jim McGowan could not lose the siceple-chase. So he lost it. Charlemagne won easily. The first is James McG. has had too much running of late under heavy weights. Like the Holman "boom," he needs a rest.

GOSSIP ABOUT THE TROTTERS.

W. H. Vanderbilt made two or three unsuccessful altempts yesterday at Fleetwood Park to speed Aldine and Early Rose for a mile. The wind, newever, was too strong and the track too heavy. Edward and Swiveller appeared late in the alternoon driven by Frank Work. It "was whispered" that if Jay-Eye-See should defeat St. Julien in the coming race,
Mr. Case will be challenged to trot him against Maud S.
It is generally known that Mr. Vanderbilt is anxious to
test the speci of Maud S. at an early day. He thinks she
can beat 2008 and it is thought that a match between

Jay-Eye-See and Mand 3, would afford just the oppor-tualty that Mr. Vanderbilt desires.

TROTTING AT BEACON PARK.

TWO STALLION RACES-JAY-EYE-SEE ON EXHIBI-

Boston, Sept. 25 .- The Wesley P. Balch stallion races were opened at Beacon Park to-day, the attendance being large. In the first race Kentucky likes won three heats, Maxey Cobb winning two. Time, 2:24 lg. 2:26 lg. 2:23 l4. 2:25, 2:25 lg. The second race was won by Pilot Knox in three

straight heats; time, 2:334g, 2:324g, 2:3044. straight heats; time, 2:334, 2:324, 2:304.
Between the heats Jay-Eye-See was exhibited upon the track and was heartily applicated. He trotted a warming-up heat in 2:294 and was then given a trial to heat his record. The conditions were not favorable, however, and the attempt was unsuccessful. The quarter was made in 334, the half in 1:074, three-quarters in 1:414, and the mile in 2:174. He will be given another trial in marray.

THE NEWMARKET MEETING.

LONDON, Sept. 25 .- The Newmarket first October meeting opened to-day. A race for the Great Foal Stakes, for three-year-olds, was won by the Duke of Hamilton's bay colt Ossian. Goldfield came in second and The Prince third. There were nine starters. The petting at the start was 7 to 2 against Ossian, even money on Goldfield, and 7 to 1 against The Prince. Ossian won by two lengths

ROWING ON THE ALLEGHENY.

HULTON, Penn., Sept. 25 .- A start was made in the local race at 2:20 p.m., the men getting off well together. Priddy won the first heat in 21 minites, 40 seconds. Gang won the second; time 23:45 The third heat was taken by Snyder : time 22:45. In the fourth Richards was the winner; Time 24:00. The fifth and last of the trial heats was won by Powers; Time 23:32. When this heat was finished darkness was coming on so fast that it was decided to postpone the coming on so fast that it was decided to posipone the final heat between the winners of the trial heats until to-morrow. The veteran race was also postponed. A protest of professional carsineu is as follows: "We, the undersigned oursineu refuse to start unless the heats and positions are drawn and not placed.—Lee. Eliott, Layberger, Gaisel, Weisgerber, Casey, Riley, Ten Eyck, Praisted Clayton, Briceland, Bobbott."

The protest was caused by the judges assigning the oarsinen their positions, instead of allowing them to draw for them, as has been the cusion. If, O. Price says no changes will be made, as they intend to at the races shall be square, and not managed by a combination of carsinen.

THE BILLIARD CHAMPIONSHIP.

CHICAGO, Sept. 25 .- The championship billiard match, cushion caroms, 500 points up, between Sextou and Schnefer, was set to-day for October 24. Sexton left to might for New-York to settle up some busi-ness, after which he will return here and begin practice. There are no further developments in reference to the proposed game between Schaefer and Slosson.

BASEBALL NEWS.

The baseball game between the New-York and Chicago clubs at the Polo Grounds yesterday was poorly contested, and resulted in a victory for the visitors. Below is the score of the game by innings:

TO DEPRESS PROVISIONS-WHEAT AND CORN. INV PRESSURED TO PAR PRESUNG. CHICAGO, Sept. 25 .- The local markets were unfavorably affected to day by the saidden and sensa-tional death of Lyman Blair, sentor partner of the firm of Blair & Blair, a very rice, old and conservative house. Mr. Blair was reputed to be a millionnaire, and he cut a large figure in the market as a carrier of produce from month to month. So far as is known he met an accidental death. He shot himself with a shot-gan at noon and no one saw the deed. When the body was found in his room by his relatives he was dead, shot in the head. He had not been on 'Change, but was making arrange ments to visit the Tolleston phooting Club at Tolleston.

with an thumate friend. When the news was heard on 'Change the affair was for a time regarded from the most sensational point of view. It was said that Mr. Blair had committed suicide; that he had suffered immease losses "bear" market; that he had lost enormously on long pork product. Because such stories were circulated the murket was depressed. Pork was lowered 20 cents per barrel on this news alone. Everything else on the list also was affected. The stories were sensational lies Mr. Blair's family, his intimate friends and his partners declare that he had not been a speculator; he had suffered no losses worthy of notice. There was no reason why his death should affect the speculative markets.

This sensational affair, however, was only one of the

reasons why the market was lower. There was a great deal of wheat sold. Not long wheat, but stuff which bearish" speculators sold because they believed that there would be a reaction from the buige which it bad had. Wheat declined during the day 12120 and the trade in it was very heavy. On the call nearly 2,000,000 bushels were traded in. The situation, the judges say, has not altered one whit. The buyers have been the outsiders-big operators and little allover the coun try; the scilers have been the local bears. It is prophesical that these latter will discover after: It is prophesical that these latter will discover after a while that the buyers are holding on to their contracts, that the market is not evening up, and that then they will enter the market themselves to cover.

Corn acced to-ony as it has every day for a fortnight. It is lower to-suight than has night, but only \(\frac{1}{4}\) cent lower. It was entily, almost trosty, and the temperature a little counteracted the movement which has been carrying corn down afil. Nesther corn nor wheat was affected by the sensations, rumors concerning Lyman Blair's death. The news was not known until after 2 o'clock. It was received on the "call," just as the "call" of provisions began, and affected them very seriously at once, because it was used irreverently by certain small traders who yelled at the news. Pork and lard, however, had begun to decline before this. The former closed to mixit 50 cents per bairel and the latter 12215 cents per hundred lower than twenty-four hours ago. The receipts of hogs were only fair, but the packers are on top of the market.

THE INQUEST IN THE ROSE CLARK CASE, CHARLES MALLORY EXAMINED-WILLIAM LEWIS AGAIN BEFORE THE JURY.

IFROM A SPECIAL CORRESPONDENT OF THE TRIBUNE. STRATFORD, Conn. Sept. 25 .- The witnesses ammoned to appear to-day at the inquest in the Rose Clark murder case were Samuel Benjamin, Miss Eva Benjamin, George Bates, Asa Seymour Curtis, Walter Davis, William Lewis, Eurr Cozier, Edward Roberts and Captain Nathan Clark. Several of them testified in regard to the rainfall on the night of September 2. Charles Mallory, who was arrested late last night and held at Police headquarters, reached the jury room at 10:30 accompanied by Detectives Ward, Arnold and Bibbins, and was at once admitted. He is the man who, two weeks ago, after his return from New-Milford, said: "Rose Clark's murderer will never be discovered till I say so," and "I know who killed the girl; I am the only one who does, and I am going to get th reward." He is about fifty years of age. He and Lewis have always been on good terms. Since the murder he has boasted that he knew enough about the case to send some one to the gallows. He has been for some time under the eyes of the detectives. Exactly what he testified to Coroner Holt refused to disclose. He hinted, however, that it was damaging to Lewis. Mallory has said all along that he was out at a late hour on the fatal Sunday night and that he met Lewis's horse and covered wago He could not tell who was driving, but was certain it was the turnout belonging to the Lewis family. The carriage was coming from a road which turns off from the main street half a mile above Lewis's home. It was after 10 o'-lock. He halfed the occupant of the vehicle with "Heller; give us a ride," but the driver gave no reply, acid whipping up the herse hastened away.

Edward Koberts testified he had lived one year with Mr. and Mrs. Norman Ambler. He never saw the two have any difficulty, but Rose was sometimes a little in clined to have her own way. She often went to ride with Lewis, but Ambler thought nothing of it, as they had been old friends before Rose was married.

William Lewis was summoned to appear at 10. He smiled intifferently as all eyes fell uoon nim, but when he spoke there seemed to be an effort on his part to conceal something. Most, of the time while scated in the half he kept both hands in his pockets, and if he withdrew them when he rose to walk he immediately thrust them out of sight again. He was called belove the jury twice, but did not remain long either time. His testmony related to utter ances he had siready made under oath, and are believed to have had, in part, some bearing on the entry dates of the main street half a mile above Lewis's home. It was

sales of vegetables recorded in Charles Peck's boost of accounts, and were sought for by the coroner to establish definitely whether Lewis had made certain statements about the murder in Birmingham on Monday or Tuesday.

Captain Clark, father of Rose, was before the jury for a moment this afternoon, but his testimony was not of importance.

BURNSIDE MEMORIAL HALL.

THE LAYING OF THE CORNER-STONE. PROVIDENCE, R. I., Sept. 25 .- This morning ousands of persons poured into Bristol to the laying o the corner-stone of the Burnside Memorial Hall. It had een once deferred in order to enable the President to be present. The decorations about the lawn were very pro-fuse. The President arrived about noon, two hours later than he was expected. The Bristol artillery fired a salute as soon as the cutter came in sight. The President gressional delegation from the State, and was driven to Colonel Colt's residence. Among the guests were the Attorney-General, Major S. B. French, and General Aspinwall, of New-York. At Colonel Colt's residence the President's path was strewn with flowers by twenty maidens, a repetition of the ceremony of welcome to

President Monroe in 1817 at the same house. After a short stay within the house the President After a short stay within the house the President joined the line. The procession included the military, the crews from the training-snipe, the Veteran Association, the City Councils of Providence and Newport, the Conscreational delegation, the Grand Lodge of Masons and the Masonic bodies, escorting the Presidential party. At the site of the Memorial buildings the President and party aligned and occupied seats reserved for them on the platform. The ceremony of laying the corner-stone was performed by the Grand Lodge of Masons, after which in proposed to set apart a portion of the building for the collection of souvenirs of Burnaide, and over the main entrance "Burnside Memorial" is to be cut in the granite, while in front is a niche which is to be filled by a bronze statue of Burnside.

Farrow, the Newport rifleman, who was left off the American team because he did not comply with some technical rule, after making one of the highest scores at practice, applied for an entry ticket to the military championship match, but he was not allowed to compete on the ground that the match had already begun. Mr. Farrow said that the first stage had not been shot and that he considered himself in time.

The rifles used in the recent international match were ruled out in the "Judd" match. Messrs, Joiner, Smith, Brown and others will protest against this action, as under the rules any military rifle can be used. The Short-range Continuous

REGISTRATION IN BROOKLYN.

Yesterday was the first day of registration in Brooklyn. The registration offices were open from 7 to 10 a. m. and from 3 to 10 p. m. The number who registered was comparatively small, being 5,390 less than on the corresponding day of last year and only 5,828 more than two years ago. In 1889 the number registered on the first day was 48,684, and in 1879, 25,155, the latter being aimost the same as yesterday, when it was 23,915. The following are the figures by wards yesterday compared with the first registration days in 1882 and 1881:

A LIBEL SUIT OFF THE CALENDAR.

TRENTON, N. J., Sept. 25 .- The civil suit of United States Senator John R. McPherson against James Gordon Bennett, of The New-York Herald, for libel, went off the calendar by mutual consent of the parties, in the United States Circuit Court this morning. The alleged it-beloriginated in the publication of a certain interview reflecting on the Senator, which had been held by a Herold correspondent with an ex-convict in Palladelphia some two years ago.

THE VALIDITY OF CERTAIN BONDS. TRENTON, N. J. Sept. 20 .- In the United States Circuit Court to-day the two cases of the Corn Exchange National Bank and the People's Bank, of New Exchange National Bank and the People's Bank, of Newark, York, against the Mechanic's National Bank, of Newark, were not moved, though on the calendar. The only case proceeded with was that of John Rossede against he Mayor and Aldermen of Jersey City, in which the plain-tid's eds to recover Julgment for bonds of Jersey City yained at \$20,000, which the city authorities declare are bogus. This case was tried before the Court and deci-

Chilon spoke in benalf of the defendant from 2 mint 5
p.m. A diversion was afforded when Mr. Chinton stated
that the attitude of the plaintiff's counsel reminded him
of the man wao was asked to speak at a political meeting. Although unprepared yet he rose and said: "It is
impossible for a man who is not possessed of ideas which
he wishes to give expression to, for to express those
ideas which he has not got to give expression to."
"That is the best Democratic platform I have yet
heard of," quietly remarked Mr. Congling. The argument will be continued to-day.

THE PETROLEUM MARKET.

NEW-YORK, Sept. 25. The advices from the oil fields to-day were ore favorable to the holders of certificates than yesterday. The new wells recently opened in the Balltown and Cooper districts are rapidly declining, and Porcupine No. 11—the most important of the new-comers—has fallen to only 10 to 15 burrels an bour, even after being drilled deeper. The new Porcupine No. 10 well is reported as having produced only 320 barrens in the first fifteen hours. The over-sold condition of the market yest erday turnished the "balls" with an excellent lever to advance prices upon the favoring news from the fields. There was no violent "booming." After sales at \$1.33\g the market slowly recovered, tonched \$1.15\g and ended strong at almost the best figures.

The range of prices and the total dealings here were as follows:

CLOSING PRICES OF PRILADELPHIA STOCKS. Reported by Jours H. Davis & Co., 17 Wall-st.

TUESDAY, Sept. 25, p. m. The dealings in stocks to-day failed to develop any new features in the situation. The market opened with no little " boom " in prices.

The Northern Pacifics and the kindred stocks were less a fraction in to-day's dealings than they have been. They closed higher than last evening; for example, Northern Pacific preferred closed at 625s, after having been up to 65, against 6238 last evening. The Oregon and Transcontinental (syndicate) stock sold up 24 to 553s, but the general weakness of the market carried its price down to 51 ex-dividend, and the uncertainty of its financial status relative to its holdings or sales of the Northern Pacific carried the price back to 525s. Delaware, Luckawanna and Western was a feature in the decline; the recorded transactions in the stock (91,767 shares) were 25,000 shares less than yesterday's record, but the stock opened up 39 per cent at 121, rose to 12112 and later sold at 11958@11974 Lake Snore and Central and Hudson attracted more than usual attention, and alt lough closing with recoveries of 38@58 from the lowest prices, on lively biddings for effect on to-morrow morning's London prices, ended with declines of 134 and 34 per cent respectively. The whole market showed weakness from the highest prices of the morning to the last of the day. In fact, the market was stronger at the end than it was when figures were 3 to 3 per

cent higher in the early dealings. The business done in Government bonds was small. Speculative influences, in the absence of either demand or supply, are depressing the quotations for the 3s and stiffening those for the fixed date issues. Bids for the 3s are further off 4 and for the 412s are advanced 1s per cent. Anaexed are

the closing quotations: U.S. 4-91391, reg. 1135 1135 U.S. 04734, 1491, 131 U.S. 4-91391, cont. 1135 1135 U.S. 04734, 1491, 152 U.S. 4 14907, ceg. 1194 1194 U.S. 04734, 1491, 1494 U.S. 4 14907, ceg. 1205 1205 U.S. 04734, 1493, 130 U.S. 04734, 1493

In State bonds Louisiana consols sold at 713 7112, seller 30 days; Arkansas 7s to Pine Bluff Railroad brought only 40, while 55 is bid for the Fort Smith issue. Missouri 6s 1887 sold at 10812, 1888s at 10912 and 1889s at 11112. There were no transactions in City bank stocks.

In railroad bonds the business was small. Only in a few issues were the transactions worthy of mention. Chesapeake and Ohio firsts, series B, were stendy at 9534, and the currency 6s recovered 12 to 4912. Canada Southern first 5s were firmer at 953 @96. West Shore and Buffalo first 5s declined from 7318 to 72@7234, and Central and Hudson unsecured debenture 5s sold at 105. Chicago, St. Louis and New-Orleans consol 5s were 4 easier at 1044 and St. Louis and Iron Mountain new 5s deci to 7478 Louisville and Nashville general 6s, after 9212, were 14 higher at 9214. East Tennessee, Virginia and Georgia incomes declined from \$23693212
